It gives us immense pleasure to announce that the Department of Otorhinolaryngology is organizing a two day surgical workshop on 10th and 11th of March, 2018. We are a new institute which has come up in Eastern India. Our aim is to serve the last man in the queue with the best medical care. In this pursuit it is our constant endeavor to upgrade and update ourselves not only clinically but also academically. We are now equipped with most of the modern ENT equipment and performing not only all routine but advanced ENT surgeries as well. We are an established center for cochlear implants, head and neck cancer surgeries, endoscopic surgeries etc. We are now delving into LASER surgeries as we have procured one of the most advanced LASER system "Lumines Acu Pulse Duo". This workshop would focus on routine and advance ENT surgeries with special focus on LASER based surgeries.

This workshop is targeted to cater to every ENT surgeon who wants to learn the basics as well as advance nuances of ENT surgeries. It would be a journey through our OPD to OT where we would be conducting live surgeries on the first day followed by Cadaver dissection by Dr. Satish Jain and Talks / Panel discussion on the second day. Eminent guest faculties from all over the country are participating in this scientific extravaganza. Special focus would be on addressing various controversies related to day to day clinical practice in ENT and provide an opportunity to interact with "Masters of our field". Prominent National level Guest faculties are:-
